Brief Description of Arguments to be Presented:

Hammersly does not disclose an atomic operation, which is uninterruptable and very quick. This patent determines if a lock is exclusive, which is not the same as determining if a lock is uncontested. Pertinent portion of the disclosure (present invention) starts on page 35, line 8.An interview was conducted on the above-identified application on _____.**NOTE:**

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.123(b)) as soon as possible.
